This Week's Progress

- Stoplight is set up and gazebo plugin is written, we just have to debug the package to make sure the plugin is receiving messages from the ros topic.
- Hybrid Simulation runs Rviz (visualizer for car cameras)
- Continued working on a virtual traffic network via SUMO

Next Week's Goals

Sebastian:

- Keep working on the Hybrid Simulation package
 - Finish last step of debugging for SUMO & Gazebo communication

Others:

- Finish the stoplight by friday and have it running within the hybrid simulation

Everyone:

- Start working on the poster and final presentation for Open House
- Touch up the project website

Thank You!
